## Customer Banking Policies — Reference Document

---

*NOTE: This is a sample/mock policy document generated for testing a RAG-based chatbot. Content is illustrative and does not represent Faysal Bank's actual official policies. Please replace with verified content from official bank sources before production use.*

### 1. Account Opening Policy

Customers must be 18 years or older to open an individual account independently; minors may open accounts jointly with a guardian. Required documents include a valid CNIC/NICOP/POC, proof of address, and a recent photograph. Non-resident Pakistanis (NRPs) may open accounts using a valid passport and visa or work permit. Initial deposit requirements vary by account type: PKR 0 for Basic Banking Accounts, PKR 10,000 for standard current accounts, and PKR 25,000 for premium savings accounts.

### 2. Know Your Customer (KYC) & AML Policy

In compliance with SBP regulations, all customers undergo mandatory KYC verification, including biometric verification for resident Pakistani nationals. Enhanced Due Diligence (EDD) applies to Politically Exposed Persons (PEPs), high-risk countries, and cash-intensive businesses. Accounts are subject to periodic KYC review every 1-3 years depending on risk categorization. Suspicious transactions are reported to the Financial Monitoring Unit (FMU) as per AML/CFT regulations.

### 3. Islamic Banking (Faysal Islami) Policy

Faysal Bank operates its entire banking business on Shariah-compliant principles, including Murabaha, Ijarah, Diminishing Musharakah, and Wakalah structures. Profit and loss on deposits are distributed according to a pre-agreed weightage system, supervised by the bank's Shariah Board. No interest (riba) is charged or paid on any product; all financing is asset-backed or service-based in accordance with Shariah guidelines.

### 4. ATM, Debit & Credit Card Policy

Debit cards are issued free of cost with standard accounts, with a daily ATM withdrawal limit of PKR 50,000 and POS transaction limit of PKR 200,000, both subject to change. Lost or stolen cards must be reported immediately via the 24/7 helpline for blocking; a replacement fee of PKR 500 applies. Credit card eligibility requires a minimum monthly income of PKR 50,000 and a satisfactory credit bureau report.

### 5. Fees & Charges Policy

Standard account maintenance fees are waived if the average monthly balance exceeds PKR 25,000. A falling-below fee of PKR 50 per month applies otherwise. Fund transfer via IBFT is free up to PKR 25,000 per day through digital channels; charges apply beyond this limit as per the SBP-mandated schedule. Cheque book issuance, duplicate statements, and account closure within 6 months of opening incur nominal charges as per the bank's schedule of charges.

### 6. Loan & Financing Policy

Consumer financing (auto, home, and personal) is subject to income verification, debt-burden ratio limits (typically not exceeding 40-50% of net income), and CIB/eCIB clearance. Home financing is available up to 20 years tenure with financing of up to 85% of property value under Diminishing Musharakah. Early settlement is permitted with applicable charges as disclosed in the financing agreement.

### 7. Customer Complaint & Grievance Policy

Customers may lodge complaints through branches, the 24/7 call center, email, or the mobile app. Acknowledgement is provided within 2 working days and resolution is targeted within 10 working days for

standard complaints. Unresolved complaints may be escalated to the Bank's Complaint Management Unit or the SBP's Consumer Protection Department if not resolved satisfactorily.

## **8. Data Privacy & Confidentiality Policy**

Customer information is treated as confidential and is not disclosed to third parties except as required by law, regulatory directives, or with explicit customer consent. The bank employs encryption and access controls to safeguard personal and financial data. Customers have the right to request access to, and correction of, their personal information held by the bank.

## **9. Dormant & Inactive Account Policy**

Accounts with no customer-initiated transactions for 12 consecutive months are classified as inactive; after 24 months of continued inactivity, accounts are marked dormant. Dormant accounts are restricted from debit transactions until the customer reactivates the account in person with valid identification. Unclaimed balances are handled per SBP's Unclaimed Deposits Regulations.

## **10. Digital Banking & Cybersecurity Policy**

Faysal Bank's mobile and internet banking platforms require multi-factor authentication for login and transactions. Customers are advised never to share OTPs, PINs, or passwords with anyone, including bank staff. The bank does not send links requesting login credentials; such messages should be reported immediately as suspected phishing attempts.
